TROLLEY 750

ALL-TERRAIN MOBILE WRAPPING STATION

The Ripack Supplies® cylinder trolley is the essential tool for moving your gas bottle easily and safely, and ensuring the longevity of your equipment.

A qualitative job also depends on the Ripack Supplies® accessories you use. Moving to your large volumes to be packaged or contained is sometimes necessary. With the Ripack Supplies® 750 trolley, you can easily move your shrink-wrapping station.

The 750 trolley has been developed to support up to 40 kg full gas bottle. It has been specially equipped with hooks to carry your shrink guns with extensions, such as the Ripack 3000+, and to roll up your gas hose for added safety. Its design offers maximum ergonomics thanks to its additional extension supports and hooks. The 750 trolley is also equipped with special wheels so you can take it easily over any terrain. The removable storage bag and guide mast provide comfortable working and protect your equipment.
